Our Vision: All youth will have the opportunity to participate in and enjoy the benefits of tennis.

- II. Roles and Responsibilities. Briefly list the people involved in making this activity a success and their designated roles and responsibilities. Specify whether these people are already “on board” or must be recruited.

- III. Timeline. List the key events and activities necessary to make this project successful and the proposed dates for each event and activity. Be sure to include how you plan to publicize your project and recruit participants.

- IV. Costs. List all equipment and items needed for a successful project and their associated costs. (Note: Salaries and benefits are not permitted; however, fees for lessons with professionals are allowed.)

V. Indicators of Success (add as many rows as needed; SMART goals are encouraged: Strategic, Measurable, Achievable, Results-oriented, Timebound. VI. I, the undersigned, do pledge that all adults in this proposed project will be certified with Net Generation before interacting with children.
